

Look with my fingers, my ears and my nose

Nature has so much to show us
if we slow down and see it thoroughly.

touch

cold things,
warm things,
slimey & grubby
things

see

colours and
shapes made
by nature

taste

sweet things,
sunny things,
crunchy & crumbly
things

smell

funky smells,
funny smells &
earthy smells

hear

loud & soft
warbles &
songs

*A preparatory, exploratory play program
to engage the senses*

"Inspiring Champions for the Bay"

Look with my fingers, my ears and my nose

Unlock the five senses to reconnect with and learn about nature in our purpose built playscape.

1. Engage their five senses through fun, open ended learning experiences
2. Challenge their perceptions of nature
3. Develop their scientific thinking by observing, predicting, hypothesising and recording
4. Investigate a particular topic derived from the Australian Science Curriculum

The program includes:

School visit by MBEEC teachers to “unlock” the senses; an exploratory and sometimes challenging play experience in the MBEEC nature playscape that engages all senses; observe, record, hypothesise and predict through a more structured scientific investigation; a culminating activity back at school to exhibit the students new skills

**A preparatory exploratory
play program to engage
the senses**

Cost: \$8 per student
